The 3<sup>rd</sup> International Conference on  
**Sustainable Remediation 2014**  
September 17 – 19, 2014 in Ferrara, Italy  
[www.sustrem2014.com](http://www.sustrem2014.com)

**OBJECTIVES:**

Sustainable land development requires that societies remediate contaminated sites to restore their value to the environment (ecosystems), society and economy. Increasing reuse options of sites to incorporate them back into a city's fabric and recovery of damaged areas (e.g. mining sites) and the ecosystem services are vital for a sustainable world (Vision 2050 see [www.wbcsd.org](http://www.wbcsd.org)).

The Sustainable Remediation Conference 2014 aims to stimulate international exchange by providing a venue for professionals and interested parties from multiple backgrounds to share experiences and perspectives on how contaminated sites can be remediated with a lower environmental footprint, and how their reuse can contribute to a more sustainable land development.

The event builds on the [Green Remediation Conference](#) (Copenhagen, November 2009), the 2<sup>nd</sup> International Conference on Sustainable Remediation (Vienna, November 2012) and discussions alongside at [ConSoil 2010 & 2013 as well as through virtual events](#) hosted by US EPA.

**CONFERENCE THEMES**

- **Conceptual Framing** – new developments and learnings since 2012, visioning and experiences on policy development incentives and regulatory support
- **Tools, Metrics and Indicators** – characterisation and analysis to better understand 'green', 'eco-efficient', 'sustainable' and 'socio-economical' aspects
- **"Greening" Remediation, eco-efficient Technologies and Opportunities from Synergy** – lowering the environmental footprint and increasing cost-effectiveness, developing technology demonstration, promoting renewables and combined benefit approaches
- **Case-studies** – brownfield redevelopment; environmental footprint; increased cost-effectiveness, environmental & social improvement, renewables, combined benefit approaches (e.g. heat storage and groundwater remediation)
- **Stakeholder involvement and participative / collaborative approaches**

Abstracts and presentations or poster sessions are requested in English, the official conference language.

Please send your abstract by **May 14, 2014** by e-mail. For the submission of your proposal please use the on line template which is available at [www.sustrem2014.com](http://www.sustrem2014.com). Please submit completely and according to the given requirements.

**On line submissions at: [www.sustrem2014.com](http://www.sustrem2014.com)**

**EVALUATION AND ELABORATION OF THE PROGRAMME**

All submitted abstracts will be evaluated by members of the Scientific Committee. Selection criteria are conformity with conference themes, quality and style of presentation as well as meeting the submission deadline (Extended Deadline: May 14, 2014). In cases of acceptance, the Scientific and Organising Committees will provide a recommendation on the presentation form (lecture or poster) of your contribution, which will depend on the best balance of contribution for the conference.

Provisional programme will be announced by June 6 2014 (August 31 2014: final announcement and Programme).

## **COMMITTEES**

### **Organizing Committee (OC):**

- Claudio ALBANO, RECONnet-SuRF Italy / CH2MHILL (Italy)
- Andrea BARBANTI, Reconnet-SuRF Italy / InTeA (Italy)
- Dominique DARMENDRAIL, COMMON FORUM / BRGM (France)
- Nicola HARRIES, CL:AIRE (Contaminated Land: Applications in Real Environments, UK)
- Sarah MAC KAY, NICOLE, WSP (UK)
- Dietmar MÜLLER-GRABHERR, EURODEMoplus / Austrian Environment Agency (Austria)
- Carlos S. PACHON, US EPA (Office of Superfund Remediation and Tech. Innovation, USA)
- Silvia PAPARELLA, Reconnet-SuRF Italy / Fiere Ferrara (Italy)
- Lorenzo SACCHETTI, Reconnet-SuRF Italy / CARUS (Italy)

### **Scientific Committee (SC):**

- Renato BACIOCCHI, RECONnet / University of Rome Tor Vergata (Italy)
- Paul BARDOS, r3 environmental technology ltd / University of Brighton (UK)
- Michel BEAULIEU, Quebec Ministry (Canada)
- Simona BERARDI, RECONnet / Inail (Workers Compensation Authority, Italy)
- Paolo CAMPACI, Veneto Region (Italy)
- Colin CHEN, SuRF Taiwan (Taiwan)
- Mengfang CHEN, SITE REM / CECDADI (China)
- Marco FALCONI, RECONnet-SuRF Italy / ISPRA (Inst. Envir. Protection & Research, Italy)
- Paul FAVARA, SuRF USA / CH2MHILL (USA)
- Trevor HOWARD, England Environ. Agency (UK)
- Stella KARNIS, SuRF Canada / Canadian National (Canada)
- Kathy KITAGAWA, Environment Canada (Canada)
- Hans-Peter KOSCHITZKY, University Stuttgart (Germany)
- Rik LANTZ, OneSullivan (USA)
- Barbara MACO, Wactor & Wick LPP (USA)
- Alessandro NARDELLA, Eni HSEQ (Italy)
- Paul NATHANAIL, University of Nottingham (UK)
- Garry Smith SuRF ANZ / Geosyntec (Australia)
- Jonathan SMITH, SuRF-UK / Shell Global Solutions (UK)
- Hans SLENDERS, SuRF NL / Arcadis (Netherland)
- Alan THOMAS, NICOLE / ERM (UK)

## **REGISTRATIONS**

Registration will open by January 6<sup>th</sup> 2014. The end of registration is September 3<sup>rd</sup> 2014 (last minute registration is allowed).

Please note that for early booking a reduction of the conference fee is offered (11<sup>th</sup> July 2014: deadline early bird-registration).

- Full fee: 500,00 € (+22% VAT)
- Early bird fee: 400,00 € (+22% VAT)

## **THEMATIC AND PROJECT WORKSHOPS**

Any organization or project with an interest in sustainable remediation is invited to suggest and organize a thematic, network or project workshop. Please contact the conference secretariat at [info@surfitaly.it](mailto:info@surfitaly.it)

## PROMOTING ITALIAN ORGANIZATIONS

## COOPERATING INTERNATIONAL PARTNER ORGANISATIONS
